

Liburdi Turbine Services Inc.

EQUIPMENT OPERATOR

Location: Blair Rd, Burlington / 400 Highway 6 North, Dundas

Liburdi Turbine Services™ specializes in extending critical gas turbine component life and upgrading engine performance through application of advanced technologies in repair.

We are currently seeking an Equipment Operator/Technician to join our team on third shift.

In this role, the successful candidate will be responsible for supporting manufacturing by setting up and maintaining spray guns, programming robots (Motoman and Fanuc) and coating parts as per customer's specifications.

To be considered for this role, candidates should have:

- Hands-on experience in the areas of Thermal Spray coatings (HVOF, plasma, wire arc), and use of robotic manipulators.
- Familiarity with thermal spray coatings and metallurgical lab practices and techniques
- Post secondary education in a related technical field
- Ability to work with minimal supervision is essential
- Strong abilities to effectively interact in a team based environment.
- Good visual acuity, mechanical aptitude and effective communication skills are required
- Willingness and ability to work in a Team environment and perform other duties as needed.

Interested candidates can email their resume and cover letter to resume@liburdi.com or fax to (905) 689-1376, Attention: Human Resources.

While we thank all candidates for their interest, only those under consideration will be contacted.
