

## Renovation and Growth at the Liburdi Group

### NEWS FLASH - Liburdi Dundas Plant Renovation

The Liburdi Turbine Services facility in **Dundas, Ontario** has started a renovation - plans for this were brought forward due to a fire in a portion of the shop.

We were fortunate in that no one was hurt, and most of the equipment was not affected. **Our ability to meet the needs of our customers on aeroderivative and heavy duty gas turbine component repair remains fully in-place.**

We are making full use of our newly expanded facilities in **Mooreville, North Carolina** and **Stoney Creek, Ontario**.

We continue to expand to meet the needs of our customers and provide the best possible service.

In total the three facilities give the Liburdi Group over 200,000 square feet of production floor and engineering offices.

*Liburdi Turbine Services' exclusive advanced repair technologies such as Full Solution Rejuvenation™ and Liburdi Powder Metallurgy (LPM) continue to provide unparalleled component repair value*

**Dundas, Ontario Canada - Headquarters**

**Mooreville, North Carolina USA**

**Stoney Creek, Ontario Canada**

**Burlington, Ontario Canada**
